

AMN HEALTHCARE HUMAN RIGHTS POLICY

At AMN Healthcare, we are committed to putting our Core Values of Customer Focus, Respect, Trust, Passion, Continuous Improvement and Innovation into practice every day – in all aspects of our work and interactions. We are proud to conduct business with the highest standards of ethics and compliance with laws, and we recognize that the way we conduct our business is equally important as the outcomes we achieve. To live our Core Values every day, we endeavor to respect and promote human rights in our relationships with our clients, team members, vendors, and communities.

Our approach to human rights is guided by the [International Labour Organization \(ILO\) Declaration on Fundamental Principles](#), the [Universal Declaration of Human Rights](#), and the [United Nations \(UN\) Guiding Principles on Business and Human Rights](#). This Policy reflects our commitment to human rights, and is applicable to AMN and our affiliate and subsidiary businesses, as well as our team members and vendors through our [Code of Conduct](#) and [Vendor Code of Conduct](#).

In accordance with the UN Guiding Principles, we are committed to implementing a reasonable level of due diligence to identify adverse impacts on human rights and to establish or support appropriate and effective mechanisms for prevention and remediation.

COMMUNITY OUTREACH

AMN Healthcare actively engages on matters of human rights that are relevant to the communities we serve. We listen, learn and consider the views from a variety of diverse perspectives and partners in the design and implementation of our human rights policies and activities. We also publicly communicate our efforts and initiatives in, among other things, our annual [Sustainability & Social Impact Report](#). Additional resources include the [amnhealthcare.com](#) website where we provide further information regarding our policies and endeavors related to human rights.

DIVERSITY, EQUITY, AND INCLUSION

AMN Healthcare's diverse team represents a variety of backgrounds, experiences, and perspectives that reflect the communities we serve and enables our innovation and leadership in the healthcare services industry. We foster an inclusive environment that promotes professional and personal growth. We are committed to equal opportunity and maintaining workplaces that are free from discrimination or harassment on the basis of race, sex, color, national or social origin, ethnicity, religion, age, disability, sexual orientation, gender identification or expression, political opinion, medical condition including genetic characteristics, or any other status protected by applicable law. The basis for recruitment, hiring, placement, development, training, compensation and advancement at AMN are qualifications, performance, skills and experience. To fulfill our promise to protect the rights of traditionally underrepresented groups, we require team members to complete trainings on inclusive communications, unconscious bias, harassment and discrimination prevention. We do not tolerate disrespectful or inappropriate behavior, unfair treatment or retaliation of any kind.

FREEDOM OF ASSOCIATION

AMN respects our team members' right to join, form or not to join a labor union without fear of retaliation, intimidation, or harassment.

WORKPLACE HEALTH, SAFETY AND SECURITY

The health, safety, and security of our team members is paramount. AMN is committed to maintaining a healthy, safe, and productive work environment that minimizes health and safety risks for our team members and develops and implements health and safety management practices in our business.

AMN Healthcare seeks to maintain a work environment that is free from violence, intimidation and other unsafe or disruptive conditions resulting from internal and external security threats. Security safeguards for team members are provided and are maintained with respect for privacy.

CHILD LABOR

AMN Healthcare has a zero-tolerance policy on child labor and is committed to deploying the necessary preventative measures to ensure that we abide by all commonly accepted international child labor conventions.

FORCED LABOR AND HUMAN TRAFFICKING

AMN Healthcare does not tolerate slavery, forced labor, or human trafficking in any form and is committed to complying with all commonly accepted international conventions related to slavery, forced labor and human trafficking.

WAGES AND BENEFITS

AMN does not use misleading or fraudulent practices during the recruitment or employment process and provides fair compensation for all team members that is commensurate with, or greater than, the applicable minimum wage and associated statutory benefits. Team members will also be granted and correctly compensated for any types of paid leave or time off to which they are entitled under applicable laws, and will not be required to work in excess of the relevant legal limits on working hours, overtime hours, and number of working days per week in the jurisdiction concerned.

HOUSING AND LIVING CONDITIONS

To the extent we provide housing, AMN ensures housing conditions are provided with reasonable levels of cleanliness, comfort and safety and we disclose, in an accessible format and language, basic information regarding the location of work, living conditions, and housing arrangements.

ENVIRONMENTAL IMPACT MITIGATION

On October 8, 2021, the UN Human Rights Council adopted resolution 48/13 recognizing “the right to a clean, healthy and sustainable environment as a human right that is important for the enjoyment of human rights.” Although the Scope 1 and 2 GHG emissions produced by AMN Healthcare are low, it is imperative that all organizations do their part to avert the worst impacts of a warming planet. To this end we have set science-based GHG emissions reduction targets, which includes reducing our Scope 1, 2, and 3 emissions.

POLICY GOVERNANCE

This Policy is overseen by our executive management team.
